crochet hook 2

4 stitch markers

The idea is quite simple.

There are 7 colors and with each color you crochet 5 rows dc, 5 rows tc and 5 rows dc.
In the tc rows you make increases so it became the pyramide shape.

With the first color:

1. chain 150 (your head should past through, otherwise add more ch)

2 t/m 6. 150 dc

6 t/m 10 This 5 rows you crochet tc, every row you increase 4

Mark the increases with a stitch marker and choose every row a different place for a evenly spread of the increases.

11 t/m 15. 170 dc (the 150 dc plus the 4x5 increases)

Change color and repeat

Go on til you reach the last color

In this section you don't crochet the last 5 dc rows but after the last tc row you crochet a sl.st.sc. row.

The measurement of the cowl:

narrow part: 24 cm

widest part: 33cm

hight: 34 cm

Have fun!
